DEPARTMENT OF THE MINISTER OF FINANCE,

QUEBEC, *2nd March*, 1864.

SIR,—In accordance with your instructions, I have the honor to submit, herewith, the first portion of the "Miscellaneous Statistics of Canada," prepared at your instance, under the supervision of Mr. Langton, the Auditor.

The first statement, relating to the area, population, &c., of the province, is intended as a summary exhibit of the condition of the country, for use and quotation abroad.

The second table, chiefly prepared by Mr. Cambie, gives a synopsis of the bank operations of the year.

The third, referring to Savings' Banks, is of considerable interest. It is true that the land has hitherto been the great Savings' Bank of the Canadian population; but judging from the statistics of Savings' Banks in other countries, we might have expected to see more savings invested here. In some of the neighboring States, and even in many European countries, the deposits are far greater, per head of the total population, while the proportion of depositors is also larger. In Massachusetts, one in seven of the population is a depositor, and the deposit per head of the total population is $30. In England, one in fourteen is a depositor, and the deposit per head of the total population is nearly $9. In Canada, only 1 in 253 is a depositor, and the average deposit per head is less than $1. This difference may render it desirable to examine the differences between the Savings' Bank legislation of those countries and ours.

The amount of money in the hands of our Building Societies is large, being nearly two millions and three quarters. On this subject, I may perhaps be allowed to transcribe a remark made by Mr. Chas. Robertson, the Secretary to the Freehold Building Society of Toronto. He says:

"It will afford me great pleasure, at any time, to give you all the information in my "power relating to Building Societies, being particularly anxious to have them all placed "on a uniform basis, and subject to Parliamentary supervision, with fixed rules for valuing "their securities, as I feel convinced much evil is likely to arise at no distant day from "the fallacious mode of valuing their mortgages adopted by some of these institutions. "* * * It is to be feared some of them have divided larger profits among the stock-"holders than they have earned—a system which must ultimately result in ruin to innocent "parties."

Three statements relating to the charitable institutions of the country follow. These ought to be of considerable value to the managers of hospitals and asylums, for, by com-

68435

parison, it can be seen where savings can be effected, and increased good follow. They ought to be serviceable, also, to Parliament, when discussing the distribution of the sums annually given by the Legislature in charity. Allow me to direct your attention to the line, "Aggregate No. of days the patients (or inmates) have been in hospital (or asylum.") This, combined with that showing the total expenditure, is the main test of the efficient working of a charitable institution. Some charities, you will at once perceive, cost far more than others with similar objects, while the sums received from Government are, viewed in this light, most unevenly distributed.

A somewhat important subject has incidentally come under the notice of the Auditor and myself in preparing these tables, viz., the want of an asylum for idiots in Upper Canada. Mrs. Juson, Secretary to the Hamilton Orphan Asylum, writes :—"One girl, "an idiot, has been a burden on our society since May, 1850. She is not a suitable "inmate for our institution, but there seems no provision in the Province for persons so "afflicted. Application has been made to the P. L. Asylum, Toronto, for her admission, "but the first by-law forbids such cases being taken in." Mr. Creighton, Mayor of Kingston, and Chairman of the House of Industry there, writes :—"There is a class of "confirmed idiots for whom some special public institution should be provided. They are "refused admission into the lunatic asylums—and when admitted into hospitals or "houses of refuge, are most offensive to the other inmates—by their filthy habits pol- "luting these institutions. There is one now in gaol here, whom neither the hospital "authorities nor our Board of Directors could possibly take in. He is, therefore, confined "in a cell, literally naked, with some straw about him. In other countries special provi- "sion is made for this unfortunate class of our fellow-creatures, and, in many instances, "considerable progress has been made in ameliorating their condition by a suitable system "of education." In order to estimate the number of idiots in Upper Canada, we have made enquiries from the managers of the Beauport Lunatic Asylum, where most of those of Lower Canada are received. There are in that institution 77 idiots and 54 fatuous persons. About half a dozen are idiots of the worst class. Among the others education has produced good results, and even made some of them, once considered idiots, useful to society.

The tables respecting Insurance Companies are sadly defective. A few returns have been received from Life and Marine Insurance Companies, but it has not been deemed worth while to incur the expense of printing them. Those from Fire Companies are submitted, though imperfect. It is evident that, if the Legislature desires to have complete statistical returns from Insurance Companies, fresh legislation will be needed. The form sent out, if properly filled up, would have given the extent of the Canadian, as well as the foreign business of each Company, and would haveenabled the public to form a correct opinion as to its stabiilty.

The other tables do not appear to call for special remark.

The next series of statements will consist of the Municipal Statistics of Upper and Lower Canada. It would have been submitted herewith, if all the county returns had been received, but it was thought better to withhold it than to make up an imperfect return

on a subject of such importance. The delay probably arises from the difficulty experienced by the county officials in getting in their schedules from the township clerks. The time of year at which the return has to be made is inconvenient, and perhaps the treasurers, instead of the clerks, should be charged with the duty, while some remuneration might with advantage be allowed them.

In future years, it is intended to follow the English model, and make all these tables comparative. It is possible that some Building Societies and Savings' Banks exist which have not come to the knowledge of this department. If so, the omission will be made good in the next annual returns.

I have the honor to be, sir,
Your most obedient servant,

ARTHUR HARVEY,
Statistical Clerk.

To the Hon. LUTHER HAMILTON HOLTON,
Minister of Finance.

The Capitals authorized by Act were $35,266,666 in January. The amount was reduced to $34,266,666 in May, the Bank of Brantford then ceasing to make returns. It was further reduced to $33,666,666 in December, when the Niagara District Bank changed its authorized Capital from $1,000,000 to $400,000. The Banks, with their Capitals, now stand as under :—

NAME OF BANK.	Capital authorized by Act.	Capital paid up.	Name of Bank.—*Cont'd.*	Capital authorized by Act.	Capital paid up.	Name of Bank.—*Cont'd.*	Capital authorized by Act.	Capital paid up

Date of Statement	Dec. 31st, '63.	Oct. 31st, '63	Feb. 28th, '63	Dec. 31st, '63	Nov.17th, '63	

The Canada Life Insurance Company is closing the Savings Bank it once carried on. There is a private Savings Bank in Hamilton, from which a statement is not to be expected.

The Bank of Montreal has a large amount of small deposits on which it allows interest. It, however, does not consider itself as transacting Savings Bank business.

Leaving these institutions out of consideration, we have the following Recapitulation for 1863, for the Savings Banks and Building Societies given above:—

Amount due depositors	$2,608,855 09
Number of depositors.	11,409 00
Average amount owned by each depositor	228 46
Average deposit per head of the total population of Canada.....	0 93

" " of days they were in the Hospitals	538,186

Commissioners for the Relief of the Indigent Sick, Quebec.—There are 38 invalids under the superintendence of the Commissioners. 28 Roman Catholics are placed at the General Hospital; 10 Protestants are under the care of the Rev. E. W. Sewell and Rev. J. Cook. The number of indigent sick received at the Hotel Dieu (with which institution the Commissioners have an arrangement) during 1863 was 863, of whom 518 were natives of Canada, and 345 foreigners.

General Hospital, St. Hyacinthe.—The amount of investments is not given in the original Return, but is calculated from the amount of "rents and interest on investments" returned.

Commissioners for the Relief of the Indigent Sick, Montreal.—The Commissioners pay over their grant to the Grey Nunnery, which gives the statement in the table. The Managers account for the large number of deaths (635) by saying that it arises from the very great number of poor little children abandoned by their parents, who were received at the General Hospital immediately after their birth, and who, put to nurse with farm-labourers in the district, died. The number of those who thus died at nurse was 573. In addition to the charity tabulated, the Grey Nuns gave 25 or 30 persons their meals, every day, and visited and assisted 339 Irish, and 169 Canadian families

St. Patrick's Hospital, Montreal.—This institution has rooms only, in the Hotel Dieu.

Lying-in Hospital, Sœurs de la Misericorde, Montreal. In the number given as patients are forty small orphans, whom the Sisters still have under their care.

General Protestant Hospital, Ottawa.—The steward is paid 25 cents per diem for the patients' diet, the Hospital Directors keeping no food account, but finding all porter, wines, spirits, &c., ordered by the Doctor. The number of paying patients was 22; non-paying patients 53.

Total income from Government	19780 00
do do other charity, as returned	40564 98
Other income, do.	34592 53
Total do.	94937 51
Total expenditure do.	155482 49
No. of inmates in the Asylums at the beginning of the year	2388
do admitted since	1791
do discharged, placed out, &c	1329
do died	132
do remaining at the close	2718
Total number of inmates ,see note (*a*)	4154
Aggregate number of days they have been in Asylum	804053

(*a*) *Charitable Society of R. C. Ladies, of Quebec.*—These two figures relate only to orphans placed by the Society in the Hospice. No calculation has been made of the thirteen others, placed with private persons.

(*b*) *Quebec Female Orphan Asylum.*—The investments are for the actual purpose of building an Asylum.

(*c*) *Asile de la Providence, Montreal.*—The Report of this Institution gives the following particulars as to its working:

—	No. of Old and Infirm Women.	No. of Old and Infirm Men.	No. of Orphan Girls.	No. of Deaf and Dumb.
In the Institution at the beginning of the year...	90	8	63	50
Admitted since	14	1	14	12
Discharged	...	..	...	...
Died	12	...	1	...
Remaining at the close	92	9	76	62

Received at the Dispensary 1,347 sick persons; 3,347 prescriptions of physicians dispensed.

Food given to 3,650 poor.

Domiciliary visits paid to 13,243 poor and sick; 622 persons nursed (*veillés*); 136 persons tended until death (*assistés à la mort*).

Poor Canadians assisted at the depôt 406
" Irish, families 72
Servant girls boarded and lodged until they found places 229
Free schooling given to 260 poor girls.
Taught at the *Salle d'Asile*, 270 little children.

Besides this Asylum, the *Sœurs de la Providence* have eight houses of Providence in the Diocese, for the care of aged and infirm women and orphans, &c., &c. These houses contain 196 poor and 611 pupils.

The financial Report includes the affairs of the Deaf and Dumb Institution

(*d*) *Charitable Society of R. C. Ladies, Montreal.*—The financial Report of this institution may not be exact—the figures having been adjusted in this office.

STATEMENT of the Affairs of Asylums and Miscellaneous Charitable Institutions, &c.—*Continued.*

(*e*) *The Ladies' Benevolent Society* and *House of Refuge* have united.

(*f*) *Orphans' Home, Kingston*—This is a R. C. Orphan Asylum in connection with an institution classed among Hospitals.

(*g*) *Girls' Home and Public Nursery, Toronto.*—The Girls' Home is designed to receive young girls who have no home, or whose home is with degraded parents. In the Home they are instructed and trained to become good servants. The Nursery is for taking care of those children whose parents cannot from their occupation keep them at home and are unwilling to pay a small sum to have them properly taken care of. The statement of "Aggregate days" refers only to the "Home."

(*h*) *Magdalen Asylum, Toronto*—This institution reports: Restored to friends, 7; sent to service, 18; left or dismissed, 28; sent to hospital, 48.

(*i*) *Deaf and Dumb Institution, Toronto.*—This Statement is not complete, nor is it strictly correct, the affairs of the Institution having undergone a change of management during the year. The number of days is only estimated.

The St. Vincent de Paul Asylum, Montreal, is not included in the above table.

The sum returned as received from Government does not agree with that given in the Public Accounts, which arises from the fact that several charitable institutions give the result of the operations of a year not terminating on the 31st December. The Deaf and Dumb Institution, Montreal, which only returns $800.00 as received, was paid $1600.00.

STATEMENT of the number and expense of CORONERS' INQUESTS in Upper and Lower Canada.

[From returns in the Inspector General's Office.]

	No. of Inquests.	No. of Bodies.	Cost.
			$ c.
Upper Canada (from Sept. 30th, 1862, to Sept. 30th, 1863)	758	768	7838 86
Lower Canada (from June 30th, 1862, to June 30th, 1863)	753	762	14416 61
Total	1511	1530	*

VERDICTS.	Upper Canada. †	Lower Canada.
Murder, Manslaughter and Infanticide	15	31
Suicide	12	17
Intemperance	11	13
Found dead	40	42
Natural causes	47	311
Not stated	539	14
Accidental Deaths, viz.:		
Drowned	72	207
Killed by the falling of trees	4	12
Frozen	2	2
Killed by railways	7	5
Killed by horses or carriages	4	7
Other accidents	15	101
	768	762

* The cost in Upper Canada is the cost of the Coroners' fees and mileage only, it having been impossible to ascertain the cost of constables' or doctors' services. The cost in Lower Canada is the total cost of the inquests, including medical fees, constables expenses, and mileage, &c.

† The statement of verdicts in Upper Canada is also incomplete, owing to the great number of Coroners' accounts sent in without mention of the verdicts.

[Steps have been taken to remedy these omissions in future returns.]

Statistics of Electric Telegraphs, 1863.

[From Returns made to the Office of the Minister of Finance.]

	Montreal Telegraph Co.	Vermont and Boston Telegraph Co.†	Total.
Length in miles of Telegraph Line	3,087	43	3,130
Length in miles of wires used	4,002	43	4,045
Number of Stations open to the public	145	1	146
Number of instruments	207	1	208
Number of public messages sent	*330,210	2,569	332,779

* The Company also furnishes 22 Journals twice and sometimes three times a day with public reports, seldom containing less than half a column of printed matter, and often extending to a column and a half or two columns. Every Office, besides, telegraphs the amount of cash taken and reports the checks against all Offices with which business is done. Public reports and receipt messages, if calculated at an average of ten words, would give considerably more messages than those reported above, and 750,000 may safely be set down as passing over the line yearly.

† This Return refers solely to that part of the Company's line within the limits of the Province.

RECAPITULATION.

Government Grant	$46,683 29
Amount paid to Agricultural Societies	$39,545 61
10 per cent. of grant to the Board of Agriculture	4,668 32
2½ do do Bureau (for Agricultural Colleges)	1,049 36
Withheld for the "Agricultural Journal" ($20 from each society except Beauharnois	1,420 00
	$46,683 29

The Secretary to the Board states, in the above Return, that Wolfe was allotted $794 79. The Provincial Books give only $770 19, a difference of $24 60. The payments on account of Agricultural Societies, Lower Canada, for 1863, stand in the Audit office books as follows (excluding a sum of $391, paid to Sherbrooke on account of 1862). Allotted to the Societies $45,608 87. Retained 2½ per cent. for Agricultural Colleges $1,049 82. Paid to the Board of Agriculture $4000 00. Total, $50,658 69.

The additions in the second and third columns above are the Secretary's.

The Secretary to the Upper Canada Board of Agriculture states (March 1st) that the accounts for 1863 are not yet audited.

AUDIT OFFICE,

Quebec, May 19, 1864.

SIR,—Great difficulty having been experienced in obtaining perfect returns from the several municipalities in accordance with the voluminous schedule of the Act (C. S. C., cap. 33), a shorter form was approved of by the Order in Council of 4th December, 1863, and the following statistics have been compiled from the returns made to me in accordance with it.

As a Select Committee on Municipal Statistics presented a report to the Legislative Assembly, embodying the returns for Upper Canada for 1862, it may be desirable to exhibit a comparison of some of the principal results in the two years. The counties of Prescott and Russell having made no return upon either occasion, in the body of the present compilation an estimate from other sources has been filled in for some of the columns; but, for the purpose of comparison with 1862, the estimate for Prescott and Russell is deducted from the totals as given for 1863.

The first column shews the number of acres assessed in Upper Canada to be 17,708,232. The report of 1862 gave 17,814,591; but, as in that return there is evidently an error of 200,000 too much in the township of North Fredericksburg, it would appear that there were about 100,000 acres assessed in 1863 more than in 1862. It is worthy of note that the total number of acres sold and granted in Upper Canada to Dec. 31, 1863, has been 20,858,971, whence it would appear that there are about 3,000,000 of acres in the hands of individuals which have escaped assessment. A considerable portion of these lands are probably in unorganized districts, or in new townships in which the municipal organization is incomplete; but there are so many instances in the well-settled parts of the country where the number of acres given in the two years differ, that a large part of the omission must have arisen from careless assessment.

The second column gives the number of ratepayers, assessed at 279,932, against 261,903 in 1862. It must, however, be borne in mind, that the same person may be assessed twice or oftener in different wards of cities or in different municipalities, so that the returns give but an imperfect indication of the total number of ratepayers in Upper Canada.

The assessed value of the real property in Upper Canada, exclusive of Prescott and Russell, is shown to be 230,107,361, whilst in 1862 it is given as 214,870,823. The increase, however, is only apparent, because the value of property in towns and villages has been calculated differently in the two statements. The returns for towns and villages give the annual value, which in 1863 is capitalized by counting the annual value as 6 per cent. on the actual value, in accordance with the 28th and 32nd sections of the Act (C. S. U. C., c. 55), whilst in 1862 it is counted as 10 per cent., as provided by the 73rd section when the local assessment of towns and villages, forming part of counties, have to be

equalized for county or Provincial taxes. This section, however, only provides for part of the equalization of the local assessments, which always takes place in imposing county taxes, and none of the other alterations which are thus made are taken into account in the returns. It was thought better, therefore, in the present statement, to leave the assessments of these towns and villages as they are made for local purposes, especially as the cities and the towns which are separated from the counties stand upon the same footing for all purposes. There are three villages—Brompton, Oshawa, and Whitby—the returns from which, in 1863, are manifestly incorrect, and if they are taken at the amount set down in the returns of 1862, and if the real property of all the towns and villages in that year is capitalized upon the same basis as that adopted in 1863, the comparison of all the municipalities which appear in the returns of both years will stand as follows :—

	1862	1863
Towns and Villages included in Counties	35,508,559	34,056,319
Towns separated from Counties	3,123,584	3,234,843
Cities	38,746,549	39,786,564
Total Cities, Towns, and Villages.....	77,378,692	77,077,726
Townships	152,724,649	152,300,854
Total	230,103,341	229,378,580
Less amount added in capitalizing towns, &c.....	15,232,518	
Less added for Brompton, Whitby, and Oshawa...		1,450,000
		227,928,580
Municipalities in returns of 1863 omitted in 1862.		5,178,781
Total on face of returns..... ...	214,870,823	233,107,361

It would appear, therefore, that upon the whole of Upper Canada there has been a decrease in the assessed value of the real property, both in the cities and towns and in the townships. In the newly-settled townships there is naturally some increase, but in many of the older parts, and notably in Northumberland, Middlesex and Kent, there is a nearly uniform decrease in all the townships, arising, probably, as much from a different principle of appraisement as from any real diminution in the value of the property.

The personal property was assessed in 1863 at $24,184,742 of which $12,648,217 was in the cities and towns, and in 1862 at $23,439,993, of which 10,863,934 was in the cities and towns. The very various proportion of personal property to the number of ratepayers, even in counties otherwise nearly similarly situated, shews that this portion of the Assessment Act is very irregularly acted upon.

In looking at the column headed "Arrears of Taxes," it should be noted that it includes the arrears of the assessment of 1863, as well as of previous years. In many cases the assessment of the season was not half paid in by January 1st. In future returns the column should be subdivided, so as to shew separately the unpaid assessment of the year last past; when the balance which, strictly speaking, should alone be considered arrears, would be comparatively small.

The indebtedness to the Municipal Loan Fund is in all cases given as returned by the Municipalities, but where the amounts do not correspond with those in the books of the Province, the difference is noted in the column of remarks. In some cases the debt is entirely omitted, and in others a smaller sum is given, apparently intended to represent the original debt, less the proceeds of the sinking fund held for its redemption. The arrears of interest due to the fund are in most cases not included in the liabilities.

The amount of the Debenture debt, other than the debt to the Municipal Loan Fund, was

Cities	$5,770,397
Towns and Villages	1,303,873
Townships	377,392
Counties	2,474,305
Total	$9,925,967

Interest overdue is returned as

Cities (exclusive of $124,899 to M. L. Fund)					$348,645
Towns and Villages (exclusive of $533,714 to M. L. Fund)					26,248
Townships	(	"	19,589	"	") 7,441
Counties	(	"	166,140	"	") 29,204
Total					$411,538
Arrears due to M. L. Fund, as returned					844,342
Total, as returned					$1,255,880

All other liabilities are returned as

Cities	$386,343
Towns and Villages	467,160
Townships	242,429
Counties	276,610
Total	$1,372,542

Against which there are arrears of taxes, principally on account of the current year, to the amount of $2,448,481.

The column headed "Rates in the Dollar imposed for all purposes," replaces one in the old schedule which demanded the amount of such rates. Most of the Municipal officers, not paying attention to the change, filled up the blanks with the amount, and in these cases the rate has been calculated in this office. It is not clear in all cases whether the Township Returns do not include the County rate, which is also given separately, and it is often doubtful whether the school rates are or are not included. It will probably be advisable next year to have a separate column for the school rates, as in some municipalities the schools are maintained by a township rate, and in others the rates are collected in the several school sections, and do not appear in the return, thus destroying any useful comparison of what may be properly called municipal rates.

The total income from all sources in 1863, was	$3,935,763
The total expenditure was	3,951,727

In the returns of 1862 the income and expenditure of the counties as separate corporations, are not given in the abstract but may be taken from the details. Northumberland and Durham, as a separate corporation, made no return in 1862; Lincoln, as a county, made none in 1863. Deducting these from each year the comparison would stand as follows, Russell being deficient in both years:

	1862.	1863.
Revenue—Cities	$823,817	$1,098,879
Counties	1,278,780	3,336,131
Townships, Towns and Villages	1,438,137	1,477,336
Total	$3,540,734	$3,912,346
Expenditure—Cities	$979,640	$1,077,186
Counties	1,278,721	1,231,880
Townships, Towns and Villages	1,636,761	1,583,209
Total	$3,895,122	$3,892,275

The following is an abstract of some of the most important particulars contained in these Returns:—

	No. of Ratepayers.	Total Assessment, Real and Personal.	Total Assets.	Liabilities exclusive of M. L. F.	Revenue.	Exp'nditure
			$	$	$	$
Counties in Upper Canada	245,849	204,328,848	2,581,084	2,780,119	1,359,548	1,291,332
Townships	212,368	166,693,774	1,807,372	627,262	983,110	1,031,994
Towns, &c., included in Counties	33,481	37,380,481	2,077,361	1,151,130	453,514	491,062
Towns separated from Counties	3,761	4,909,592	470,920	646,151	40,712	60,153
Cities	29,322	47,702,663	4,738,058	6,505,385	1,098,879	1,077,186
Total	278,932	256,941,103	11,674,795	11,710,047	3,935,763	3,951,727

	Average value of Assessed Property per Ratepayer.	Average amount of Expenditure per Ratepayer.	Average amount of Expenditure on $100 of Assessment.
Townships	$ 785	$10.10	$1.28
Towns and Villages	1,132	19.50	1.72
Cities	1,627	36.75	2.25
Average	920	14.25	$1.53

The returns from Lower Canada are comparatively imperfect, as might have been expected from the recent introduction of the municipal system, which is not yet working thoroughly in all the counties. I have, therefore, condensed them considerably, giving in the summary alone the distribution, under their several heads, of the various kinds of Liabilities, Revenue, and Expenditure.

The returns having been still more incomplete in former years, it is impossible to supply the deficiencies from previous statements, as has been done in several instances in Upper Canada; but, estimating for the omitted parishes and counties from such indications as can be obtained from the census, the following general results may be roughly approximated to

No. of acres assessed	13,680,000
No. of ratepayers	204,000
Value of real property assessed	$162,000,000

It has been thought desirable to publish these returns in detail, but hereafter it may be only necessary to do so at intervals of perhaps five years, an abstract alone being published annually.

All which is respectfully submitted,

JOHN LANGTON,
Auditor.

The Hon. A. T. GALT,
Minister of Finance.

May 12th, 1864.

MUNICIPAL RETURNS

FOR

UPPER CANADA

FOR THE YEAR 1863.

I. Counties, with their included Towns, Villages, and Townships.
II. Cities and Towns separated from Counties.
III. Summary, or Recapitulation.
IV. Additional Statement of the Taxation in Cities and Towns, calculated on the Annual Value of Property.

MUNICIPAL RETURNS

* These municipalities are indebted to the Municipal Loan Fund, although they make no return of their indebtedness.

† The clerk says, "Since 1859 the town debt has been consolidated, and the town property is in the hands of commissioners, who pay the interest on such debt and provide a sinking fund for its ultimate payment. For last year, out of 75 cents on the £1 raised, 50 cents was for the commissioners. The corporation felt themselves unable to raise more, hence they have been unable to pay the instalment on the M. L. F. Debentures."

‡ In Assets are included $150,000 G. W. R. Stock.

⁂ This amount consists of bills receivable, $2,788; Interest due by L. & P. S. Railway Company, $258,018; do. $175,400; stock in do., $220,000; loan to do., $220,000; stock in London Gas Company, $20,000.

‖ Including a very valuable real estate, owned by the city, and also railway stock, together estimated at $2,500,000.

** Consisting of $12,000 stock in the Milbrook branch of the P. H. L. & B. Railway, $400 do. in the Monaghan Gravel Road, and $35,000 Market Block, buildings, &c.

†† Return of 1862. ‡‡ The clerk says the town holds $680,000 stock in P. H. L. & B. Railway; $40,000 in Peterboro' branch, and $11,000 Gas stock.

⁂ Over due interest on M. L. F. Deb., $471,835; on Corp. Deb., $1,921. Of the interest paid on Deb., $3,072 on M. L. F.; balance on Corp. Deb.

a This item includes $29,279 premium of exchange and discount on bonds sold during the year.
b This item appears to include expenditure for side-walks, streets, &c., which should have been given in another column.—(*Compiler.*)
c This includes £25,000 sterling, paid on bonds due in England.

ERRATA.

The Return for Ashfield, page 11, gives $39,414 as the value of real estate; it should be $390,414. The difference, viz., $351,000, should be added to the totals for Huron and Bruce, and for Upper Canada, page 76.

The figures given in the liabilities of Laval, on page 60, should be erased. Laval returns no liabilities.

On page 46, column No. of Ratepayers, line Cities, read 33,083 for 38,083, and alter the total to correspond.

AUDIT OFFICE,
Quebec, 16th February, 1865.

SIR,—I have the honor to lay before you the second annual collection of the Miscellaneous Statistics of Canada, Part I. It is in some respects more complete than that of last year, and the opportunity of making a comparison between two consecutive years will add to its utility.

The first page gives a general view of the position of the country, sufficient for reference abroad, and I have added a table of such particulars as were accessible in reference to the British Colonies proposed to the included in the new Confederation.

The next table is that of Banks, and I have added to the monthly averages of the aggregate business of all the banks as published last year, a table of the annual averages of each chartered bank. It will be perceived that during the year 1864, the authorized banking capital has been increased by about $10,000,000 of which nearly $3,000,000 has been paid up. The notes in circulation have decreased $219,266.16, whilst the coin and bullion have decreased $1,173,044.18, and the Government securities held have increased $923,548.58. The cash deposits have increased $2,477,861.68, and the notes discounted $2,440,618.61.

The four following tables relate to the savings institutions of the country.

The Savings Banks proper are the six mentioned in table V, and it appears that the depositors in them have increased by 1,144 or ten *per cent.*, and the deposits by about $310,000 or twelve *per cent.* Every savings' bank, without exception, exhibits progress. The annexed short statement will show the class of securities in which the banks have invested these savings :

	1863.	1864.	Increase in 1864.	Decrease in 1864.
Government Bonds, &c	$ 176,375 62	202,833 73	26,458 11	
Municipal and Water Works Debentures	770,361 48	856,078 34	85,716 86	
Harbor Debentures	101,000 00	162,000 00	61,000 00	
Railway Bonds	66,186 66	66,186 66		
Turnpike Trust	148,600 00	148,600 00		
Bank Stocks	375,241 00	371,980 00		3,261 00
Mortgages	92,057 91	67,216 06		24,841 85
Notes, secured by collaterals	411,258 26	555,289 96	144,031 60	
Deposited in Banks, at interest	458,518 55	491,264 51	32,745 96	
Cash and Miscellaneous	112,052 00	128,159 17	16,107 17	
	$2,711,651 58	3,049,608 43		

Thus it would appear that notes secured by collaterals have been the favorite security of these banks during the year, and that nearly one half of all their funds are invested in these and in municipal debentures. The small amount of Government securities held by them I am disposed to attribute to the difficulty of obtaining currency debentures, rather than to a preference for other classes of securities ; and seeing the large amount which is seeking investment, it may be desirable to consider the propriety of giving greater facilities for obtaining Government currency debentures.

A similar increase in the number of depositors, and amount deposited in the Savings branches of Building Societies (Table VI) is also evident. These societies, however, in spite of the higher interest they pay, do not attract so many depositors as the Savings Banks proper, showing that a high rate of interest is not the main object of the majority.

Tables VII and VIII exhibit statements of the affairs of the Terminable and Permanent Building Societies of the Province. It appears that the permanent system is growing more into favor than the other, for I have had to transfer two societies from the Terminable to the Permanent list, and the new societies organized appear to be all of the latter type. The monies in the hands of these societies amounted to $3,232,506.98 in 1864, as against $2,750,901.05 in 1863. This sum, which has increased during the past year at the rate of 17½ per cent., is almost exclusively invested in mortgages on real estate, and the uncertainty which must always prevail as to the real value of such securities renders it impossible to determine how far this very large amount of capital is adequately secured. The importance which these societies are attaining, and the rapid increase of their transactions seem to point to the necessity for some legislative action which will compel them to make full returns, and to adopt an equitable and uniform method of valuing their assets.

None of the Fire or Life Insurance Companies doing business in this province have made returns in the forms furnished to them except the Royal; but five other Fire Companies have made returns which are brought as far as possible under the same head. Only two British companies have made returns under the Act 26 Vic., cap. 43. Those which have obtained licenses and have failed to send in returns according to law will be found mentioned in table XIV.

The returns of the Mutual Fire Insurance Companies are much more perfect than they were last year, and of those known to be in operation only one has declined to make a return. The total amount of property covered by insurance in these companies—all of which are in Upper Canada—is $36,922,162 65, consisting of 51,316 separate risks As very few of these companies made returns last year, the increase of the outstanding risks at the date of each annual statement cannot be directly given, but the new risks taken during the year exceed the risks expired during the same period by 7,461 in number, and $5,421,650 in amount, which is a sufficient indication of the extension of the business. The risks outstanding are secured by premium notes to the amount of $846,284, and other assets over and above actual liabilities to the value of $44,829, whilst the amount necessary to re-insure all outstanding risks is estimated at $137,900. The amount of losses adjusted during the year has been $76,299.57; not yet adjusted, $7,194; resisted, $3,188.50.

The remaining tables do not appear to call for any special remark in this report.

JOHN LANGTON,
Auditor.

The Honorable A. T. GALT,
Minister of Finance.

MISCELLANEOUS STATISTICS

OF

CANADA,

FOR THE YEAR 1864.

TABLE I.—Statements as to the Area, Population, Debt, Revenue, Expenditure, Imports and Exports of Canada.

—	Area in Square Miles.*	Acres Surveyed, to December, 31st.	Acres disposed of by Sale and Free Grant, to Dec., 31st, '63 & June, 30th, '65.
Upper Canada	121,260	1863... 24,231,197 1864... 24,629,714	20,853,971 20,985,711
Lower Canada	210,020	1863... 24,853,390 1864... 25,197,267	18,477,820 18,699,863
Total	331,280	1863... 49,084,587 1864... 49,826,981	39,331,791 39,685,574

* As the Northern and Western boundaries have not yet been surveyed, these areas are only approximate.

—	Population in January, 1861.	Ratio of annual Increase between the Census of Jan., 1852 and Jan., 1861, p. cent.	Estimated Population in Jan., 1865, assuming the same rate of increase.
Upper Canada	1,396,091	4.34	1,655,022
Lower Canada	1,111,566	2.50	1,226,840
Total	2,507,657	.....	2,881,862

—	Revenue to December 31st, excluding that from loans.	Expenditure, to December 31st, excluding redemption of debt.	Funded Debt, December 31st, less Sinking Fund.	Imports, years ending Dec., 31st.		Exports, years ending Dec., 31st.
				Total Value.	Total Duty.	Total Value.
	$	$	$	$	$	$
1863	9,760,316	10,742,807	60,355,472	45,964,493	5,169,173	41,831,532
1864	10,918,337	10,587,142	60,287,575	52,498,066	6,637,503	38,665,446

—	Population to the square mile.	Revenue per head of the population.	Expenditure per head of the population.	Debt per head of the population.	Imports per head of the population.	Duty per head of the population.	Exports per head of the population.
		$ cts.	$ cts.	$ cts.	$ cts.	$ cts.	$ cts.
1863	8.40	3 51	3 86	21 69	16 51	1 85	15 03
1864	8.69	3 79	3 67	20 93	18 23	2 30	13 42

Statements relating to the Area, acres surveyed and acres disposed of in the Five Eastern Colonies of British North America, 1863.

—	Area in Square Miles.	Acres Surveyed, to Dec. 31st, 1863.	Acres disposed of by Sale or Grant, to Dec. 31st, 1863.
Newfoundland	40,200	.....	*100,000
Nova Scotia	18,660	.....	*5,748,893
New Brunswick	27,105	7,850,000	7,551,909
Prince Edward Island	2,100	.....	*1,365,400
Canada	331,280	49,084,587	39,331,791
Total	419,345	.....	54,097,993

The figures marked with an asterisk (*) are not taken from official sources, but are believed to be approximately correct.

There would thus remain 214,282,817 acres in the hands of the Crown.

Population and its rate of increase.

—	Population by the last Census.	Date of that Census.	Rate of annual increase since previous Census—per cent.	Estimated population, January, 1864, assuming the same rate of increase.
Newfoundland*	124,288	1857	1.50	137,000
Nova Scotia	330,857	1861	1.82	349,300
New Brunswick	252,047	1861	2.60	272,780
Prince Edward Island	80,857	1861	2.07	85,992
Canada	2,507,657	1861	3.48	2,783,079
Total	3,295,706	.....	.....	3,628,151

The population is calculated to the end of 1863, (or beginning of 1864,) in order to arrive at a correct estimate of the Debt, Revenue, &c., of the several Provinces per head in 1863, for which see next page.

* Including the Labrador Shore.

Revenue, Expenditure, Debt, Imports, Duty and Exports, in 1863.

—	Revenue, 1863.	Expenditure, 1863.	Funded Debt, 1863, less Sinking Fund, held for its redemption.	Imports, 1863.		Exports, 1863.
				Total Value.	Total Duty.

(*a*) *Commissioners for the relief of the Indigent Sick, Quebec.*—There are 38 invalids under the superintendence of the Commissioners; 28 Roman Catholics are placed at the General Hospital; 10 Protestants are under the care of the Rev. E. W. Sewell and Rev. J. Cook. The number of Indigent Sick received at the Hôtel-Dieu (with which institution the Commissioners have an arrangement) during 1864 was 870, of whom 528 were natives of Canada, and 342 foreigners. The 27,826 days given in the table relate exclusively to the Sick in the Hôtel-Dieu. There is no statement of the days the others were cared for.

(*b*) *Commissioners for the relief of the Indigent Sick, Three Rivers.*—The grant for the Indigent Sick was only drawn in January, 1865. The expenditure having been more than the grant, the balance ($87.56) is put down under the head of Private Charity.

(c) *Commissioners for the relief of the Indigent Sick, Montreal.*—The Commissioners pay over their grant to the Grey Nunnery, which gives the statement in the table The Managers account for the large number of deaths (616) by saying that it arises from the very great number of poor children abandoned by their parents, who were received at the General Hospital immediately after their birth, and who were put to nurse with farm labourers, in the district, died. In addition to what is mentioned in the table, the Sisters visited and assisted 534 poor families during the year. They also opened a dispensary on the 15th June,—Consultations, 563 ; Prescriptions, 1554. The value of property owned is a low estimate, made in the office.

(d) St. Patrick's Hospital, Montreal. This institution has rooms only in the Hôtel-Dieu

(e) *Lying-in Hospital Sœurs de la Miséricorde Montréal.*—In addition to the charity tabulated, the Sisters devote themselves to the reformation of unfortunate women, and have a number of orphans under their charge. Of the former there were :—

		* Almost entirely gratuitous.	* About $313 worth of this was given to the intitution.		* Bank stock purchased.	* Four of these placed on indenture.			

(a) *Asile de la Providence, Montreal.*—The figures relating to Assets are from last year'sreturns, no statement thereof having been sent in this year. In addition the sisters made 14,360 domiciliary visits, nursed (veillé) 518, tended until death 189. They relieve every day at their own depot 540 poor, and besides 3,070 strangers received food. The Dispensary established in the Asylum afforded relief to 3,030 sick, and besides 5,036 persons received *gratis* remedies prescribed by the physicians, and many of them were visited either by the physcians or the sisters.

(c) *Girls' Home and Public Nursery, Toronto.*—The Girls' Home is designed to receive young girls who have no home, or whose home is with degraded parents. In the Home they are instructed and trained to becomee good servants. Th nursery is for taking care of those children whose parents cannot from their occupation keep them at home, and who are willing to pay a small sum to have them properly taken care of. The statement of aggregate days refers only to the "Home."

IV. *Companies that have withdrawn their Deposits and Agencies.*

The Manhattan, of New York.—The Unity Association of London.—The Phœnix Insurance Company, of Hartford.—Th Home Insurance Company, of New York.

* This is the customary balance kept invested by the Directors. The liability of Shareholders and Members is unlimited.
† There is some doubt whether the Return of the Company for 1864 could yet have been received.

(*a*) The "Hartford" returns $15,000 Montreal Bank stock as held, but only $10,000 are subject to Government control.
(*b*) The "Liverpool, London and Globe" holds, at the disposal of the Montreal Board of Directors, in addition to the cash in Bank and balance due by agents,

Montreal Harbor Bonds.....	$ 53,299
" Water Works	29,052
" City Bonds	54,868
Loans on Mortgages.....	20,000
Real Estate.....	34,393

TABLE XV.—Statistics of Electric Telegraphs, 1863–1864.

—	Provincial Telegraph Company. (a)		Montreal Telegraph Company. (b)		Vermont and Boston Telegraph Company. (c)		Total.	
	1863.	1864.	1863.	1864.	1863.	1864.	1863.	1864.
Length in miles of Telegraph Line		95	3,087	3,433	43	43	3,130	3,871
Length in miles of wires used		95	4,002	4,256	43	43	4,045	4,394
Number of Stations open to the public		5	145	282	1	1	146	288
Number of instruments		5	207	320	1	1	208	326
Number of public messages sent		100	330,210	397,274	2.569	18,743	332,779	416,117

(*a*) The Provincial Telegraph Company only began business in December 23rd, 1864.

(*b*) This Company furnishes 22 Journals twice and sometimes three times a day with public reports, which, together with receipt messages, if calculated at an average of ten words, would give considerably more messages than those reported above. Including these, 750,000 messages were set down as passing over the line in 1863, an amount said to have been "considerably exceeded" in 1864.

(*c*) The Vermont and Boston Telegraph Company also receives two general news reports daily, and furnishes two Journals with news matter. Its return relates solely to that part of the Company's line within the limits of the Province.

STATEMENT of the Number and Expense of Coroners' Inquests in Upper and Lower Canada; also of the Verdicts rendered thereat.

	No. of Inquests.	No. of Bodies.	Coroners' Fees and Expenses.	Constables' Fees and Expenses.	Doctors' Fees and Expenses.	Expenses of burying paupers, &c.
			$ cts.	$ cts.	$ cts.	$ cts.

* The figures relating to Verdicts in Upper Canada in 1863 are valueless for the purpose of comparison, the Coroners not having been required, until 1864, to send in a statement of verdicts rendered along with their accounts.

(17.)

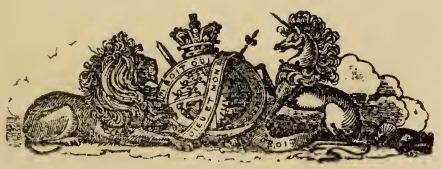
MISCELLANEOUS

STATISTICS OF CANADA,

FOR THE YEAR 1865.

PART II.

Printed by Order of the Legislative Assembly.



OTTAWA:
PRINTED BY HUNTER, ROSE & CO.
1866.

AUDIT OFFICE,

Ottawa, August, 1866.

SIR,—I have now the honor to lay before you Part II. of the MISCELLANEOUS STATISTICS OF CANADA, containing an Abstract of the Municipal Returns received from both parts of the Province.

I deem it right to repeat that these Returns are made up from the Statements received from the Municipal Officers, for the correctness of which this Office is not entirely responsible. Where manifest errors have been detected in any Statements, correspondence has however been had with the Municipal Officers, and it is believed that the figures are, to a great extent, reliable. The only other remark I am called upon to make is, that while the figures for Upper Canada indicate, by comparison with those of previous years, an increase in the number of Acres and of Rate-payers assessed, they show a decrease in the assessed value of Real Estate. The decrease is observable in almost every County. It proceeds, not from any decrease in the value of property, but from a practice—which seems to be growing—of under assessment. The market value of the property in all the Counties, I have reason to believe, to be far greater than represented. The passage of the new Assessment Act will, it may perhaps be hoped, mark a change in this respect, which is very desirable, inasmuch as it not only causes the comparison between County and County to be unfair, but tends to lower the reputation of the Province, as a whole, in the eyes of countries whose property is rated in a fairer and more equable way.

I have the honor to be, Sir,

Your obedient Servant,

JOHN LANGTON,

Auditor.

HON. A. T. GALT.

Minister of Finance.

SUMMARY of the Statements of the Assets, Liabilities, Revenue,

NAME OF THE MUNICIPALITY. (The sums opposite the name of each county, are the aggregate of all the towns and townships within the county, as well as of the county itself as a separate corporation).	No. of Acres Assessed.	No. of Rate-payers Assessed.	ASSETS. Assessed Value of Real Estate.	Assessed Value of Personal Property.	Amount of Arrears of Taxes.	Other Assets.	LIABI Debentures. Corporation Debentures.	M. L. F. Debentures.
